proservartner

AI-Powered Duplicate Payment Detection & Recovery

Uncover Hidden Losses. Recover Cash. Strengthen Controls.

At Proservartner, we help organizations identify and recover duplicate and erroneous supplier payments through an AI-powered, outcome-based audit. Our proven approach uses intelligent automation and specialist expertise to deliver results with minimal disruption and maximum recovery.

FINANCIAL LEAKS YOU CAN'T SEE

Duplicate payments are often hidden in plain sight, caused by fragmented processes, manual errors, system inconsistencies, and weak controls, common causes include:

- Invoice duplication
- Manual data entry errors
- Payment of both invoice and credit note
- Software and workflow issues

Why Proservartner?

- Experienced practitioners from the Big 4, industry, and global shared services, bringing deep operational expertise to every engagement.
- We deliver with agility and global reach, always guided by a client-first mindset.
- We operate with independence and specialization, focused solely on delivering measurable, outcome-based results.
- Recognized industry leaders, awarded Rising Star of the Year 2024 and Strategic Leader of the Year 2024.

proservartner

THE OPPORTUNITY: IMMEDIATE VALUE WITH ZERO RISK

With over $250M recovered across industries and no engagement yielding zero results, our outcome based model: No Cure, No Pay, delivers risk free value at just 10% of recovered amounts, with no system changes or business disruption.

OUR APPROACH: AI-ENABLED, PROVEN, AND OUTCOME-DRIVEN

Step 1: AI-Powered Audit

We use our Fiscal-Proservartner platform to analyze historical invoice data across your global ERP landscape.

- 145,000 invoices reviewed daily
- €300B+ in annual spend reviewed
- We combine AI, ML, and data science to detect:
  - Duplicate payments
  - Overpayments
  - Potential fraud

Step 2: Recovery Execution

We manage the full lifecycle from identification to recovery, ensuring alignment with your teams and vendors.

- Detailed report and validation with your AP team
- Direct recovery activity with suppliers
- Final reconciliation and performance reporting

Let's Recover What's Yours

Partner with Proservartner to transform overlooked payment errors into recovered cash, seamlessly, and without risk.
