proservartner

I WANT TO...

BUILD GBS / SHARED SERVICES STRATEGY & OPERATING MODEL

12 accelerated topic areas to set a clear strategy, operating model and transformation roadmap

WHY US!

We have set up GBS and Shared Services Strategies for 50+ businesses, providing challenge and shaping high performance operating models, helping to build consensus at the board level and ultimately delivering a Target Operating Model that is more than just about reducing costs!

OUR SERVICES

THE WHY

The scoping, vision, objectives and measures of success to be set out

WHAT & WHERE

Build out the process taxonomy, the roles in the "process house", the location strategy, and the split of processes into the SSC and the retained organisation

WHEN & HOW

Agree the enabling technology needed for the future, the digital strategy, chargeback mechanism to the rest of the business, the financial business case, and the transformation roadmap

proservartner

I WANT TO...

OUTSOURCE BUSINESS PROCESSES

Proven approach to enable organisations to outsource in a sustainable, cost effective, high quality manner winning the hearts & minds of senior stakeholders. We are the experts of outsourcing.

WHY US!

Proservartner knows outsourcing, shared services, understands change management requirements, and how to deliver successful results.

Process Specialists with expertise in Finance, HR and other process improvement. Proservartner knows best practice and can optimise, accelerate and effectively eliminate waste across a process.

Our teams provide location, outsourcing and operating model expertise. We advise on the capabilities and risks in different locations with our global footprint to enable you to build the right new operating model.

Experts in Automation and Digital, and gold partners with key vendors such UiPath, Abbyy, Celonis, High Radius, Xelix, WalkMe, alongside core systems such as SAP and Workday. Expertise in knowing where automation really works best.
